of Engineers®**

Cedar River Harbor, MI

Harbor Features

- Located on Green Bay off of Lake Michigan, about 25 miles northwest of Menominee, MI.
- Authorization: River & Harbor Acts of 2 Aug 1882, 28 Oct 1965.
- Shallow Draft recreational harbor.
- Project depth is 8 feet.
- Approximately 3,500 feet of maintained Federal channel.
- Approximately 2,400 feet of piers.
- Dredged material is placed along the beach as beach nourishment.
- Major stakeholders are the Ruleau Brothers, and Michigan DNR.

Project Needs

- Requires periodic maintenance dredging on a three to five year cycle of approximately 40,000 cubic yards.
- Navigation structures are primarily maintained by Government floating plant.

Consequences of Not Maintaining the Project

- Loss of jobs locally.
- Loss of recreational and charter fishing in the area.

Transportation Importance

- This project serves as an important Harbor of Refuge as well as charter fishing and recreational navigation interests.
- The local community has established a significant infrastructure around the harbor facilities that generates income from harbor users and visitors to the area.
